Secretary of State John Kerry delivered prepared remarks Monday about Syria's use of chemical weapons and whether or not the United States will respond. Well, for the last several days, President Obama and his entire national security team have been reviewing the situation in Syria. And today, I want to provide an update on our efforts as we consider our response to the use of chemical weapons. What we saw in Syria last week should shock the conscience of the world. It defies any code of morality. Let me be clear: The indiscriminate slaughter of civilians, the killing of women and children and innocent bystanders by chemical weapons is a moral obscenity. By any standard, it is inexcusable and — despite the excuses and equivocations that some have manufactured — it is undeniable. The meaning of this attack goes beyond the conflict in

This text is low in narrativity which indicates that it is less story-like and may have less familiar words. Less story-like texts are usually harder to comprehend. It is low in both referential and deep cohesion, suggesting that the reader may have to infer the relationships between sentences and ideas. If the reader has insufficient prior knowledge, these gaps can be challenging.
