# Last Exercise

---

# Overview

As we've seen during this course,  
you'll build a one page using Google  
Sites fundamentals

---

---

# Task

Create your own Themes.

Add a Text field.

Embed two different links.

Use a layout to display a image with a text.

Use a Collapsible Group to write an article.

Upload pictures by the Image Carousel

Use a redirect link with “Button”

---

---

---

# Bonus

Use Drive to upload  
content

Gather datas put  
them on Excel and  
use it in Google  
Charts

---
